SUPPLEMENT TO
REPORT NO.

25X1X

1. Director Josef Tomek of Omnipol Handelsaktiengesellschaft, Vienna I, Neutorgasse 17, is now trying to procure the following types of 1,000 x 2,000 mm steel sheets for the Skoda Munitions works in Pilsen, Czechoslovakia:

100 tons of 5 mm ST 37.21 cold rolled sheets

50 tons of 6 mm ST 52

100 tons of 8 mm ST 52

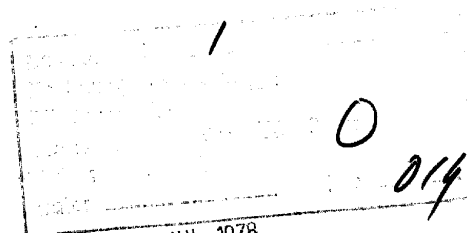

50 tons of 8 mm ST 52

100 tons of 12 mm ST 52*

2. Omnipol is also in the market for 1,000 tons of assorted nails and is prepared to buy any amount of barbed wire.

25X1A

*  Comment: ST 52 steel sheets are used almost exclusively for the manufacture of the type of side armor which the Skoda works uses to assemble armored vehicles.
